MOOD: 😏 amused

Harpy, am I allowed to have just a little crush? They didn't really  
\*break\* the law...

Random holiday cookie recipe is random.

"Peeling Bells" cookies: This is a thing my mom used to do. 2 cups flour 6 tbsp butter 3/4 cup sugar 1

Away with the dull drudgery of workaday tiday waves!

I believe this is a significant advance in pot pie technology. Make your pie crust. Par-cook

As easy as-- no, really.

I was talking about the chicken pot pie I was making on Twitter, and it turns out, a lot of people

Their crack technique needs a little work.

You can have a small crush. Or two small crushes, since there are two girls.

Is true, about their technique--see? I could give them tips!

But how are they going to get to the gym from Arizona?

Urgh. That fence. Such a waste of money and resources. The cost in lose of wildlife along is disgusting.

Sorry. I live in AZ and I'm a bit touchy. Formerly of Michigan. None of my ideals match my neighbor's, at this point. Sigh.

("loss" of wildlife, that's what I meant)

They are totally adorable! Also politically cool!...now I have a crush.

Now THAT is what I call freedom of speech.

But for more realism, they need to do that in the summer after walking a hundred miles or so, without a real meal for a week, while 9 months pregnant. A large pack of marijuana can be substituted for pregnancy.

Before we even start on the uglier parts of your post, why walk 1 mile, let alone 100 miles? Anyone in Mexico can legally drive right up to the border fence just like these girls did on the US side.

0 points for style, jefe.

And how do they proceed from there? Magical unicorns? Have you ever been to the southwest? There really isn't a good time for walking across the desert.

Anyone in Mexico with a car can get through a POE without having to hop a fence. Do you really think it's just Mexicans coming north? The hundreds of thousands who sneak through Mexico from central America and other places don't have cars or much of anything else. Instead of getting your information from 30 second soundbytes, do a little research. There are many excellent articles and series that show what people have to go through before they hit our little fence. I'm merely commenting on the reality of the situation, not the flawed policy.

You might be reading things into my comment that aren't there, jefe. Of course some immigrants are on foot. Many have paid their life savings to smugglers. Some are probably even pregnant or carrying drugs.

(I have indeed been to the southwest, thanks for asking)

Okay, troops, I know I started it, but it's probably a bad idea to have this conversation on the public blog of a Federal employee. I don't *think* I'd get fired, but I wouldn't like the reprimand, either.

But to only slightly change the subject, hey, Jefe, you traveling this way in the spring? I want to introduce you to God Crag.

Now that looks like fun. Problem is, my sup uses a magic 8 ball to make up my work schedule. Remind me later.
